PURVESH PAWAR

Full Stack Developer

📞 9892834556 | 8108202064   ✉ purveshpawar13@gmail.com

Professional Summary

Highly motivated Full Stack Developer skilled in crafting responsive, user-friendly web experiences. Proficient in HTML, CSS, JavaScript, Angular for front-end, and Spring Boot, Hibernate, MySQL for back-end development. Experienced in RESTful API integration, problem-solving, and using tools like Maven. Passionate about delivering solutions that follow industry best practices and enhance user engagement.

Technical Skills

- **Frontend Technologies:**
  - **HTML, CSS, JavaScript, Angular**

- **Backend:**
  - **Core Java, Spring Boot, Hibernate.**

- **Tools:**
  - **Git, GitHub, Eclipse, Jira, Postman, ChatGPT, Gemini, Copilot.**

Professional Experience

• CodeTech IT Solutions   **June 2024 – Aug 2024**

• *Frontend Developer intern*   *Hyderabad,India*

- **Independently developed** responsive web projects, including a portfolio website and a website dashboard, using HTML, CSS, and JavaScript, achieving a **10%, improvement in load times** .
- Applied **modern design** principles to enhance UI, **resulting in** an **8%** improvement in user engagement.
- **Optimized** website layouts for **mobile responsiveness**, enhancing accessibility for mobile users.
- Leveraged resources such as **ChatGPT, YouTube, and Stack Overflow** to enhance my skills and effectively troubleshoot challenges during project development.

• Pinnacle Infotech   **February 2024 – May 2024**

• *Frontend Developer intern*   *Navi Mumbai, India*

- Assisted in developing responsive web projects using **HTML, CSS and JavaScript**, contributing to a significant improvement in load times.
- Utilized **online resources** to troubleshoot challenges and enhance development skills **Efficiently**.
- Collaborated with team members to create user-friendly interfaces, improving overall **user experience.**

Personal Projects/Awards & Achievements

- **SCM (Smart contact manager) Project:**   **Aug 2024 - Sep 2024**
- Developed a **full-stack Smart Contact Manage**r featuring **CRUD functionality**, utilizing technologies such as **HTML, CSS, JavaScript, Thymeleaf, Spring Boot, Hibernate, and MySQL**; enabled seamless contact creation, **viewing, and management.**
- **Leveraged Tailwind CSS** to design a modern, responsive, and visually engaging user interface, significantly enhancing the overall user experience and usability.
- Designed a secure user registration flow with **email verification**, achieving a **90% success** rate for **verified accounts** through the integration of **JWT (JSON Web Tokens)** for enhanced **security** and **effective** session management**.**
- Integrated **Google OAuth2** for streamlined authentication via **Gmail and GitHub**, reducing user registration and login friction by **30%** while **enhancing security.**
- Implemented **Spring Security for robust** authentication and authorization, safeguarding user credentials and **minimizing** security vulnerabilities.
- Developed **Excel export functionality** for **contacts**, allowing users to manage and analyze data offline, enhancing usability and accessibility.
- Researched and implemented innovative solutions by leveraging resources like **YouTube**, **ChatGPT**, and **Gemini**; enhanced coding techniques resulting in a **20%**. improvement in development workflow efficiency.

- **Weather Dashboard:**   Jul 2024 - Aug 2024
  - Developed a **dynamic Weather Dashboard** using **HTML, CSS, and JavaScript**, delivering real-time weather data for over **100 locations worldwide** and enhancing user engagement by **30%**.
  - Integrated the **OpenWeatherMap API** to fetch and display accurate weather information, including temperature, humidity, and forecasts, achieving a **95% accuracy rate** in data retrieval.
  - Utilized the **OpenStreetMap API** to visualize precise locations such as districts and states, improving geographical visualization and user experience.
  - Implemented a **dynamic background feature** that changes based on **weather conditions**, showcasing **unique background images** for various **weather types** and increasing user interaction time by **25%.**

- **Portfolio Website:**   Jul 2024 - Aug 2024
  - Designed and developed a **mobile-responsive** portfolio website using HTML, CSS, and JavaScript to effectively showcase personal projects and skills.
  - Implemented a typing effect for dynamic text display, resulting in a **30% increase** in user engagement and creating a **visually appealing** interface.
  - Integrated **dark mode** functionality, allowing users to switch between light and dark themes, improving accessibility and user preference for over **70% of users on internet.**
  - Utilized **Scroll Reveal** for smooth animations that highlight **5 key sections** of the portfolio, significantly enhancing the overall user experience.

- **Spotify Clone(Music Streaming):**   Jun2024 - Jul 2024
  - **Created a Spotify Clone** using **Angular**, that showcases music content through **dynamic song cards** with detailed descriptions and thumbnails for categories such as **Popular Radio**, **Popular Albums** etc.
  - Implemented a **user login page**, enabling account creation and authentication, enhancing user experience and interactivity.
  - Established **basic routing features** for seamless navigating between different sections, providing a more **comprehensive user experience**.

- **Amazon Clone(E-commerce Website):**   Jun 2024 - Jul 2024
  - **Built** a front-end Amazon Clone using HTML and CSS, establishing an engaging and user-friendly e-commerce platform that replicates essential functionalities of the original site, achieving a **30% improvement in layout aesthetics**.
  - **Created** product cards showcasing **50+ items**, each displaying images, descriptions, prices, and current deals, equipping users with the necessary information to make informed purchasing choices.
  - **Designed** an intuitive layout with easy navigation, enabling users to browse products across **5 different categories**, which improved user interaction time by **20%**.

Education

IIHT Vashi | AIITS	**March 2024 – Jun 2024**
Diploma in Full Stack Java	*Navi mumbai, Maharashtra*

Shivajirao Jondhale Polytechnic, Asangaon	**Jun 2014 – Jun 2017**
Diploma in Civil Engineering	*Thane, Maharashtra*

Hindmata School	**Jun 2013 – Jun 2014**
SSC	*Navi mumbai, Maharashtra*
